ORGANIZATION DESCRIPTION:

Founded in 1967, Central City Hospitality House is a progressive, community-based organization located in San Francisco's Tenderloin neighborhood that provides opportunities and resources for personal growth and self-determination to homeless people and neighborhood residents. Our mission is to build community strength by advocating policies and rendering services which foster self-sufficiency and cultural enrichment. We use a peer-based approach and encourage participation from our constituents on various levels of decision-making and service-delivery.

Hospitality House has six programs. The Tenderloin Self-Help Center and Sixth Street Self-Help Center are behavioral health-based community centers that provide a range of emergency and support services using a low-threshold, peer-based, self-help model. The Shelter Program is a small men's dormitory that provides basic emergency shelter as well as one-on-one case management. The Community Arts Program is a unique space where individuals can create, house and sell artwork, offering open studio hours, workshops, a creative writing class, and an opportunity for artists to exhibit and sell their work. The Community Building Program includes a peer volunteer training program, program activities, and the Healing, Organizing & Leadership Development Program which is a peer internship community organizing program for participants impacted by trauma. The Employment Resource Center offers job readiness services, employment and training resources, and job search support through two neighborhood-based employment resources centers. All programs work together to provide a range of support, resources, and opportunities for people to achieve stability and self-sufficiency.
